THE LATEST NEWS

Procurement and Development Conferences

Northern California Region. USPAACC's Northern California Regional Chapter hosted a successful Procurement Connections event in San Mateo on October 18. Seminars were held on how to expand business and win contracts, and strategies on conducting business with corporations and government. All in attendance found the speakers' messages substantive and very helpful in their understanding of the cultures of the different entities represented on the panels. They also found a gem in the marketing exercise after lunch, the one-on-one meetings and the networking hour - all wrapped in one package. The suppliers went away with wide smiles.

Appointments

USPAACC National President and CEO Susan Au Allen has been appointed member of the National Women's Business Council, a federal advisory council that renders advice and policy recommendations to the President, Congress, and the U.S. Small Business Administration on economic issues of importance to woman business owners.

Media Appearances

USPAACC National President and CEO Susan Au Allen is scheduled to appear on To The Contrary, an all-female news analysis series on PBS, on November 24-26 with host Bonnie Erbe.

UPCOMING EVENTS

CelebrAsian '07

USPAAACC's National Asian American Business Conference, the largest Asian American business conference in the country, will be held May 9 to 11, 2007 at The Westin St. Francis at the famous Union Square in San Francisco, California. Once again, the program will include many distinguished speakers and guests, procurement connection workshops, the International CEO Forum, Contracting with Corporations and Government, the Supplier Diversity Managers and Buyers Summit, and the Suppliers Summit – events where great connections, winning strategies and good food all come together. This conference offers precious opportunities for Asian American business owners, national corporations and government agencies to form new business alliances, teams and partnerships to achieve a common goal – business growth.
